

REGISTERED NURSE

Harris-Stowe State University seeks a RN (Part-time Days) in its Health Services Department, which provides health & wellness services to our university students. This department provides assessment of medical conditions and, if necessary, refers students for further treatment, as well as treating minor health issues, completes health history summaries, assists with care management within the guidelines of the standards of nursing care, and manages supplies, and equipment. The office is also the initial emergency medical contact.

Requirements: Graduate of an accredited RN program, possess a MO RN license and be CPR and First Aid certified. The ideal candidate would have at least 2 years' experience working with individuals in a clinical or observational capacity. Have excellent verbal and written communication skills and crisis and problem solving skills.

Send letter of application, resume, evidence of licensure & 3 references with contact information to:
