Description of Field Experiences

Field experiences are an integral component of educator preparation programs. Field experiences provide productive and structured learning opportunities. Experiences are grounded in research that incorporates classroom practice throughout the preparation program. Field experiences provide opportunities for the teacher education candidate:

- To identify, observe and study relevant growth, developmental patterns, and characteristic of children at varying stages of maturation.
- To participate in the planning, conducting, and evaluating of learning experiences.
- To study the relationship of the teacher to all other people involved in the school program.

As such, the Harris-Stowe State University Coordinator of Field Experiences plans student placements that will enhance pre-service teachers' perspectives in education and their experiences in working with diverse populations of students. These placements are generated in city and rural areas, in public, private, and charter institutions and provide exposure to diversity in race, ethnicity, socioeconomic status, learning style, exceptionalities, and languages. Field experience requirements vary based upon specific course requirements; these placements may range from observations to small group work and from five to 60 required clock hours.

Field Experience Hours Per Program

Required hours are as follows:

Program	Field Experiences
Early Childhood Education	Music, Art, Movement, Drama, Play (15: 5 Pre-K; 10 K-Grade 3); Infants and Toddlers (30); Developmental Learning (15: Pre-K); Math & Science Readiness in ECE (15: 5 Pre-K; 10 K-Grade 3); Science and Social Studies in ECE (15: 5 Pre-K; 10 K-Grade 3). Total 90 hours.
Elementary Education	Introductory Field Experience (18); Physical Education Methods (6); Interdisciplinary Practicum (45); Literacy Area Practicum (45). Total 114 hours.
Middle School and Secondary Education	Introductory Field Experience (18); Content Methodology Applications (60). Total 78 hours.

Introductory Experiences

Introductory Field Experiences are entry-level experiences that primarily consist of systematic structured observation and limited interaction with students in a classroom. There are required components in each introductory course. Activities include guided observation in classroom setting, viewing videotapes of classroom settings, and reflecting on classroom observations. These experiences introduce the candidate to the contemporary classroom setting and help the candidate decide whether to pursue a teaching career.

Mid-Tier Experiences

Mid-Tier Field Experiences are associated with methods classes and focus on the particular knowledge, skills, and dispositions addressed in course objectives and in the Conceptual Framework. Activities are designed to allow the candidate to begin developing teaching competencies. These activities are often designed for one-to-one and small group interactions and can include but are not limited to:

- 1) reading books and identifying vocabulary and spelling words;
- 2) writing about real-life and classroom experiences:
- 3) assisting with aspects of the MAP Assessment:
- 4) working on science skills and global warming concepts:
- 5) building their confidence and skills in their areas of concern; and
- 6) administering informal assessments.

Additionally the following curricular topics are addressed with the P-12 students:

- Spelling and Vocabulary;
- Reading;
- Sentence writing;
- Mathematics and Social Science concepts;
- Science;
- Ethics and Manners (as appropriate).

Placement Procedures

Every effort is made to place candidates in situations that will encourage the best possible professional and personal growth as prospective educators. The assignment is made by the Coordinator of Field Experiences, in collaboration with the cooperating school system and course instructor. All placements, once made, stand unless the cooperating school and or instructor request a change.

Assignments are initiated by the Coordinator of Field Experiences to the principal, superintendent or school designated person. All assignments are arranged to be consistent with the policies and procedures agreed upon by the cooperating schools and the University. One important consideration in making field experience placements is the need for candidates to experience diversity in the school setting. The Coordinator of Field Experiences considers the candidate's needs, as well as their need to experience variety in grade levels, when making placement decisions. Assignments are generally made with area partner schools. The number of candidates needing field experiences, at any given time, as well as the number of appropriate placements available for placing candidates, often controls the distribution of candidates. It is important during the field experiences that candidates develop a familiarity with the traditional classroom, although the environment may vary from school to school.

The following serve as a guideline in selection of schools:

- The school personnel support the teacher education program and are willing to enter into a collaborative partnership with HSSU in the professional development of teacher candidates.
- The cooperating school exemplifies high standards of teaching and learning.
- The cooperating teacher holds certification in his or her area of preparation.

- The school is accredited.
- The school does not prohibit students from attending based on race, gender, religion, nationality, or academic ability, and it supports students with special needs.
- The school's major curriculum focuses on academic subject matter and is aligned with, or similar to, the Missouri Core Curriculum.
- The school environment and assigned classroom falls within the "norm" as to provide the candidate with experiences for his or her particular area of preparation as it relates to certification.

Note: Before candidates are placed in any school, they must have a background check clearance. Each student must have a current health certificate, criminal background check, and Child Abuse/Neglect Screening Form on file in the Teacher Education Department as follows:

- 1) Background Check (one-time \$10 fee to be paid by candidate is required) Visit: www.dhss.mo.gov/FCSR/ to register. This MUST be done by the second week of class!
- 2) Health Certificate (current TB test required) annually

Note: Candidates should not initiate personal contact with any school to arrange a placement assignment.

Forms

The following forms are included in this handbook below:

A. Field Experience Guidelines	10
B. Form 6.1	12
C. Field Experience Assessment	13
D. Cooperating Teacher Field Experience Assessment	17
E. Instructor Field Experience Assessment	18
F. Borich Observation Skills for Effective Teaching Forms	19
G. Candidate Record of Activities	22

FIELD EXPERIENCE GUIDELINES

I. Standards of Conduct

You are representatives of the University and the teaching profession. Candidates are expected to maintain high standards of personal and professional ethics.

II. Attendance and Punctuality

Regular attendance and punctuality are mandatory. When you plan a schedule with the supervising teacher, this becomes an agreement and you are expected to keep the schedule. You are expected to sign in and out at the school (as required by the school and the program). If you do not report when expected, this is termed an absence. In case of illness or emergencies, you must contact Mrs. Turner [(314) 340-3668] or Ms. Gillespie [(314) 340-3361]. You should also contact the assigned school. The department will address irregular attendance and poor punctuality immediately.

III. Relationships

You should exercise respectful discretion when voicing your personal views. Under the guidance of the supervising teacher, you may have access to student records and or other school records. It is important that this information be used in a professional manner and remains confidential. The Family Educational Rights and Privacy Act (FERPA) protect student records. Under no circumstances can information be released to, or discussed with, any unauthorized person.

IV. Dress Code

You should be dressed and groomed according to professional standards. You must comply with the adopted dress code of the assigned school. Your HSSU Identification Card must be worn at all times. You can not wear any of the following clothing: jeans, tennis shoes, sweatshirt, T-shirt, halter tops, hats, or any clothing that reveal the stomach. If there is doubt about appropriate dress code, please check with the Coordinator of Field Experience.

V. Classroom

At all times, the cooperating teacher maintains legal responsibility for pupils in his or her classroom. You should never assume that responsibility. You should not discipline students. Remember these points to help prevent management problems:

- Plan thoroughly
- Respect the worth and dignity of every individual
- Seek to attain a high degree of participation
- Learn and make use of names quickly
- Be alert, keep your eyes open, and focus attention on the total situation
- Exhibit poise, dignity, and calmness at all times
- Ask permission to use student work for portfolio
- Be warm and friendly

VI. Professional Conduct

- Never speak to staff or students in an abusive matter
- Never touch a student for any reason
- Never be along with a student
- Never give student food, beverage, or any other item without the cooperating teacher permission
- Never communicate with a parent/guardian without cooperating teacher permission
- Never offer to give a student a ride
- Always ask permission to use or borrow school property

Note: If these guidelines are violated you will be removed from placement site.

• Never take photo of students or staff without written permission from the principal

VII. Field Experience Project

- 1. As part of your final course project, you will be required to prepare a written reflection of your field experience on what you learned, tools used, strategies and things need to help you develop in the program.
- 2. Write a thank note to your building principal and cooperating teacher for allowing you to gain professional experience at these site.

	, understand the Field Experiences onsibility to adhere to these protocols.

HSSU CANDIDATE	CANDIDATE ID No.	CERTIFICATION AREA	
PLACEMENT SCHOOL	COOPERATING TEACHER	GRADE/SUBJECT	

CONCEPTUAL FRAMEWORK

Conceptual Framework	Candidate Experience	Proficient	Satisfactory	Progressing	Not Observed
		3	2	1	N/A
Content-Pedagogical Knowledge	Candidate demonstrates knowledge in the content area for which certification is sought.				
Content-Pedagogical Knowledge	Candidate demonstrates application of theory to practice.				
Content-Pedagogical Knowledge	Candidate is knowledgeable of current strategies for implementing instruction.				
Content-Pedagogical Knowledge	Candidate exemplifies the art of teaching through knowledge, skills, and practice.				
Evaluation	Candidate assesses students' learning on a continuous basis.				
Evaluation	Candidate can successfully assess student learning outcomes and make modifications as necessary based on those findings.				
Evaluation	Candidate can appropriately recognize their teaching's impact on P-12 student learning.				
Communication Skills	Candidate communicates with University faculty, cooperating teacher, and district personnel in an appropriate, timely, and professional manner.				

Dispositions	Candidate Experience	Proficient	Satisfactory	Progressing	Not Observed
Communication Skills	Candidate communicates	3	2	1	N/A
Communication Skills	with parents/guardians and				
	incorporates them into their				
	child's education.				
Communication Skills	Candidate can appropriately				
Communication 5kms	access and engage				
	community resources and				
	community involvement to				
	enhance the learning				
	outcomes of students.				
Professionalism	Candidate demonstrates				
	prompt and regular				
	attendance.				
Professionalism	Candidate demonstrates				
	appropriate behavior.				
Professionalism	Candidate demonstrates				
	appropriate dress and				
	appearance.				
Diversity	Candidate demonstrates				
	belief that all students can				
	learn.				
Diversity	Candidate demonstrates fair				
	treatment across all races				
	and backgrounds of				
	students.				
Competence	Candidate demonstrates				
	effective instructional				
	planning and daily				
	preparation.				
Competence	Candidates can differentiate				
	instruction and utilize				
	specific strategies to address				
	the varied learning styles,				
	culture, and ethnicity of				
	diverse students, gender differences, students with				
	exceptionalities, and				
	English Language Learners				
	(ELL) populations.				
Competence	Candidate demonstrates				
p	knowledge of topic and	1			
	content.				
Reflection	Candidate makes necessary				
	modifications based on				
	continuous assessment of	1			
	the learning environment.				
Reflection	Candidate demonstrates a				-
	willingness to engage in	1			
	continuous improvement of				
	content and pedagogical	1			
	knowledge and skills.				

Teacher Roles	Candidate Experience	Proficient	Satisfactory	Progressing	Not Observed
		3	2	1	N/A
Master of Content	Candidate is able to access				
	age/grade appropriate				
	content.				
Master of Content	Candidate can plan,				
	develop, and execute				
	appropriate lesson plans for				
	age, grade, and content.				
Deliverer of Content	Candidate develops				
	effective lesson plans.				
Deliverer of Content	Candidate can successfully				
	deliver instruction in a				
	variety of school settings.				
Skilled Instructor	Candidate can implement				
	effective teaching				
	strategies.				
Skilled Instructor	Candidate engages a variety				
	of learning styles and				
	abilities.				
User of Technology	Candidate incorporates the				
Oser of Teenhology	use of technology across				
	curriculum.				
User of Technology	Candidate efficiently uses a				
eser of Technology	diverse medium of				
	technological strategies to				
	engage student learning.				
Inclusionary Strategist	Candidate is able to modify				
metasionary Strategist	curricula to meet individual				
	student leaning abilities.				
Inclusionary Strategist	Candidate engages all				
metasionary Strategist	students in the learning				
	process with fairness equity				
	of time, attention, and				
	resources.				
Organizer of Learning	Candidate provides a				
Organizer of Learning	structured and organized				
	format for delivering				
	content.				
Organizer of Learning	Candidate demonstrates a				
Organizer of Learning	clear, succinct, ordinal				
	matriculation through				
	content.				
Diagnostic Prescriber	Candidate demonstrates the				
Diagnostic Flescribei	ability to direct or redirect				
	student progress and				
	performance.				
Diagnostic Proceriber	Candidate demonstrates the				
Diagnostic Prescriber	ability to locate student				
	concerns and provide				
Evaluator of Student	intervention for success.				
Evaluator of Student	Candidate demonstrates the				
Progress	ability to determine student				

Framework,	Candidate Experience	Proficient	Satisfactory	Progressing	Not
Roles, and					Observed
Dispositions		3	2	1	N/A
Evaluator of	Candidate demonstrates the ability				
Student	to utilize student assessment and				
Progress	learning outcomes to drive				
	instruction.				
Manager of	Candidate is able to effectively				
Behavior	deal with problematic behavior and				
	student disruption.				
Manager of	Candidate has a consistent method				
Behavior	for implementing and enforcing				
	classroom expectations and				
	consequences to elicit an				
	environment for success.				
Counselor	Candidate demonstrates the ability				
	the actively listen to student				
	concerns and make necessary				
	referrals when needed.				
Counselor	Candidate is able to engage				
	students in confidential interactions				
	that will increase opportunity for				
	achievement.				
Communicator	Candidate presents a systematic				
with Parents	method for communicating student				
	progress to parents.				
Communicator	Candidate presents professional				
with Parents	and collaborative conversations				
	with parents and engages parental				
	talents and expertise in instruction				
	where, and as, applicable.				
All	Candidate possesses the				
	knowledge, skills, teacher roles,				
	and dispositions necessary to be an				
	effective educator of students.				
All	Candidate demonstrates the				
	potential to be a successful				
	prospect for the teaching				
	profession as a whole.
