

Harris-Stowe State University
 Assessment Committee
 Meeting: April 8, 2010, 2:30 p.m. in room 223

Minutes

I. The minutes from the February 26, 2010 meeting were approved.

II. Status of Student Learning Outcomes Assessment Plans

- Academic Support
- General Education
- Arts & Sciences
- Business
- Teacher Education
- Urban Specializations
- Student Affairs
- Enrollment Management

Julie provided an update on the student learning outcomes assessment plans. She will continue to meet with the divisions and departments to revise and refine the plans.

III. Workshop on SLOs, Hallmarks, and Assessment

The Committee discussed whether there was a need for a workshop on SLOs at the course level and on integrating the hallmarks into syllabi. There was consensus that these topics would be beneficial. Julie suggested that the workshop be delivered via BlackBoard. The Committee thought that a face-to-face workshop would be better where faculty could meet together and work on changing the syllabi for the department. The members suggested that the workshop be held one or two days after graduation. They offered to help plan and facilitate the workshop.

IV. Announcement: IDEA Course Evaluations - Week of April 19

Committee Members
