In cases in which some courses were never attended, but others were attended, only the tuition of the courses never attended will be refunded to the payer. If the student has received any financial aid for courses never attended, these funds will be revoked, and the student must pay any remaining costs.

Withdrawal Record. The date for withdrawal will determine enrollment and grade information on the official transcript.

Other Refunds and or Adjustments. Refunds and or adjustments of charges are granted in varying amounts to students who officially: (1) withdraw within specific dates or (2) withdraw from one or more courses and still remain at the University. Such refunds and or adjustments are computed as percentages of the charges that the student has been assessed or paid at the time of his or her registration and will be based on the date indicated on the Drop/Add Form or the Withdrawal Form received in the Office of the Registrar, HGA 007.

PLACEMENT TESTING

Depending upon a prospective student's academic background, he or she may be required to take a placement test in order to determine whether developmental education courses are needed. The purpose of developmental education courses is to prepare students for college-level academic work. Developmental courses are offered in reading, writing and mathematics. The placement test is administered online utilizing the Accuplacer Placement Testing system. Please consult the course schedule guide for a listing of dates, times and locations.

Prior to taking the placement test, students must consult with the **Office of Admissions (314-340-3300)**. Next, the student should contact the **Academic Resource Center (314-340-3643)** in order to schedule an appointment to take the test. The student must bring a signed test permission form from the **Office of Admissions** to the testing room. In addition, the student must bring photo identification. **No one will be allowed to test without an assigned permission form and photo identification.**

The Accuplacer test assesses abilities in the areas of Reading Comprehension, Sentence Skills (writing) and Mathematics. *Students are not allowed to bring calculators. The testing system automatically provides calculators online when needed.* The amount of time it takes to complete the tests varies with the individual. Students may return to the **Office of Admissions** to await their test results and receive advisement about the next steps upon completion of their test battery. **Scores are not given over the phone.**

It is the student's responsibility to know and to meet all graduation requirements and deadlines. It is recommended that each student request a degree audit at the end of his or her junior year, prior to registration for the senior year.

Instructions:

- Obtain the deadline date for the graduation application. See the course schedule. This date is early in the semester prior to the semester of degree conferral.
- Pay the application fee at the Cashier's Office or have the fee billed to your student account (all holds must be cleared prior to graduation).
- Obtain and complete the Application for Graduation, which is available in the Office of the Registrar, HGA 007.
- Satisfactorily complete all degree requirements.
- Maintain the required grade point average for your degree program.
- Achieve the required score on the degree program's exit examination.
- The University must receive official PRAXIS II examination scores sent directly from the testing service by the posted deadline (Teacher Education graduates only). Teacher Education students **must** earn a passing score on the appropriate PRAXIS II examination in order to be recommended for degree conferral. Students who have not passed the PRAXIS II examination cannot be recommended for degree conferral.
- Complete the Graduation Clearance Form and submit it to the Office of the Registrar, HGA 007.

Note: The final 30 credit hours of course work in any degree program must be completed in residence at HSSU.

"Degree Only" Candidates

Students filing for degree conferral in a semester during which they are not currently enrolled must enroll in For Degree Only 0499 and pay the one credit hour tuition and fees in addition to meeting the requirements listed above. Graduating students must be listed on the official University roster in the semester in which a degree is conferred.
