Harris-Stowe State University Minority Science and Engineering Improvement Program (MSEIP) Conference 2017

Wasit Wulamu, PhD, Assistant Professor

Center for Sustainability at Saint Louis University

April 9, 2017

awulamu@slu.edu

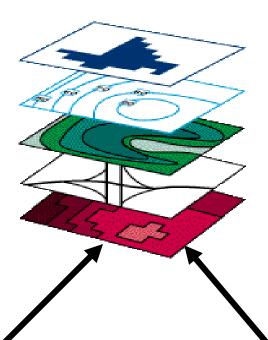

Agenda

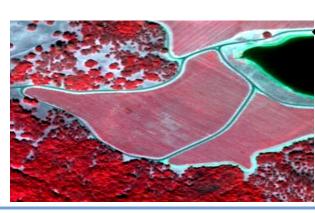

- What does remote sensing measure?
- Geographic Information System
- Unmanned Aerial System
- Case studies

Geospatial Methods

GIS (Geographic Information Systems)

RS (Remote Sensing)

Saint Louis

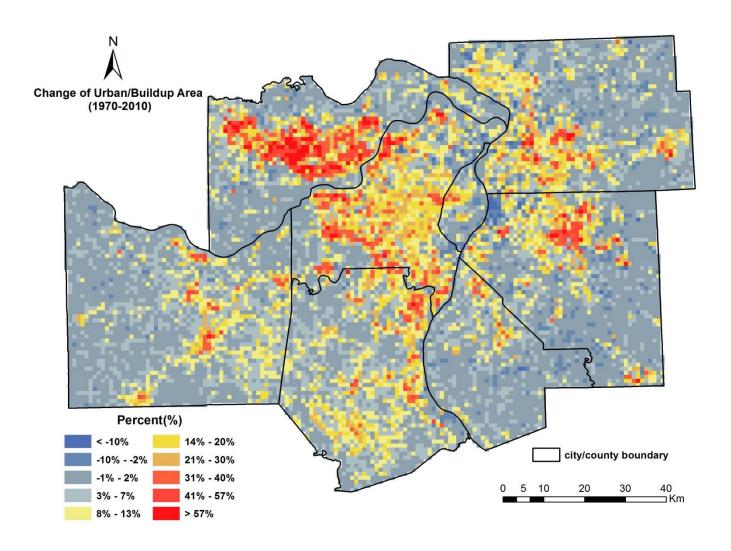

Abandoned urban infrastructure

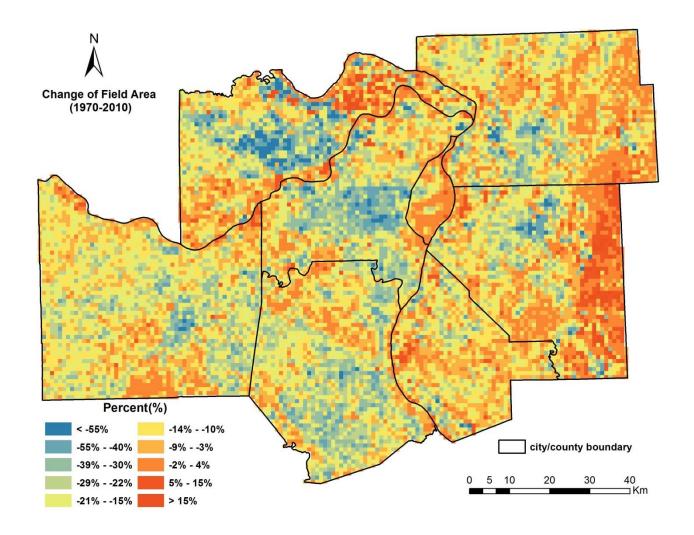

Urban area change from 1970 -2010

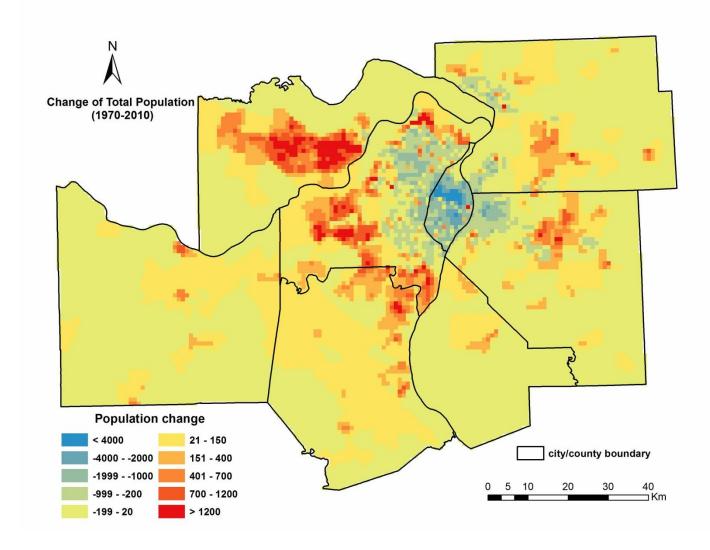

Maimaitijiang, M., **Ghulam, A.**, Sandoval, J. S. O., Maimaitiyiming, M. (2015). Drivers of land cover and land use changes in St. Louis Metropolitan area over the past 40 years characterized by remote sensing and census population data. *Int. J. Appl. Earth Obs. Geoinf*, 35: 161-174.

Green space change from 1970 -2010

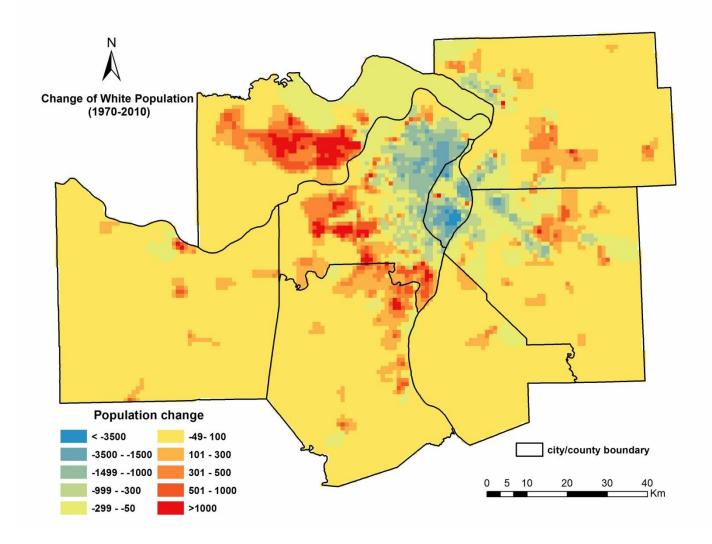

Maimaitijiang, M., **Ghulam, A.**, Sandoval, J. S. O., Maimaitiyiming, M. (2015). Drivers of land cover and land use changes in St. Louis Metropolitan area over the past 40 years characterized by remote sensing and census population data. *Int. J. Appl. Earth Obs. Geoinf*, 35: 161-174.

Population change from 1970 -2010

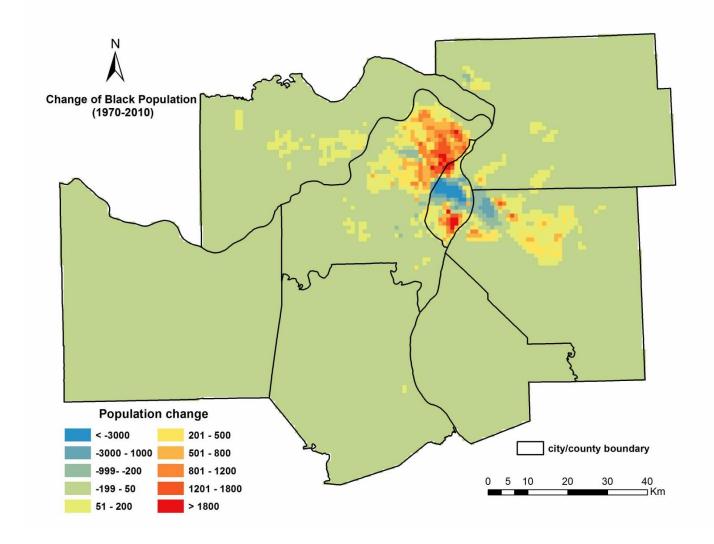

Maimaitijiang, M., **Ghulam, A.**, Sandoval, J. S. O., Maimaitiyiming, M. (2015). Drivers of land cover and land use changes in St. Louis Metropolitan area over the past 40 years characterized by remote sensing and census population data. *Int. J. Appl. Earth Obs. Geoinf*, 35: 161-174.

Population change from 1970 -2010

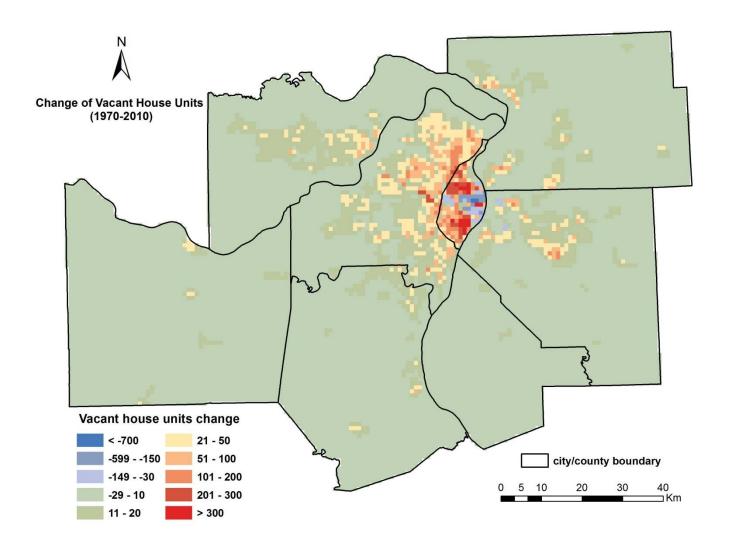

Maimaitijiang, M., **Ghulam, A.**, Sandoval, J. S. O., Maimaitiyiming, M. (2015). Drivers of land cover and land use changes in St. Louis Metropolitan area over the past 40 years characterized by remote sensing and census population data. *Int. J. Appl. Earth Obs. Geoinf*, 35: 161-174.

Population change from 1970 -2010

Maimaitijiang, M., **Ghulam, A.**, Sandoval, J. S. O., Maimaitiyiming, M. (2015). Drivers of land cover and land use changes in St. Louis Metropolitan area over the past 40 years characterized by remote sensing and census population data. *Int. J. Appl. Earth Obs. Geoinf*, 35: 161-174.

Vacant Housing Units from 1970 -2010

Maimaitijiang, M., Ghulam, A., Sandoval, J. S. O., Maimaitijiming, M. (2015). Drivers of land cover and land use changes in St. Louis Metropolitan area over the past 40 years characterized by remote sensing and census population data. Int. J. Appl. Earth Obs. Geoinf, 35: 161-174.

Redefining remote sensing

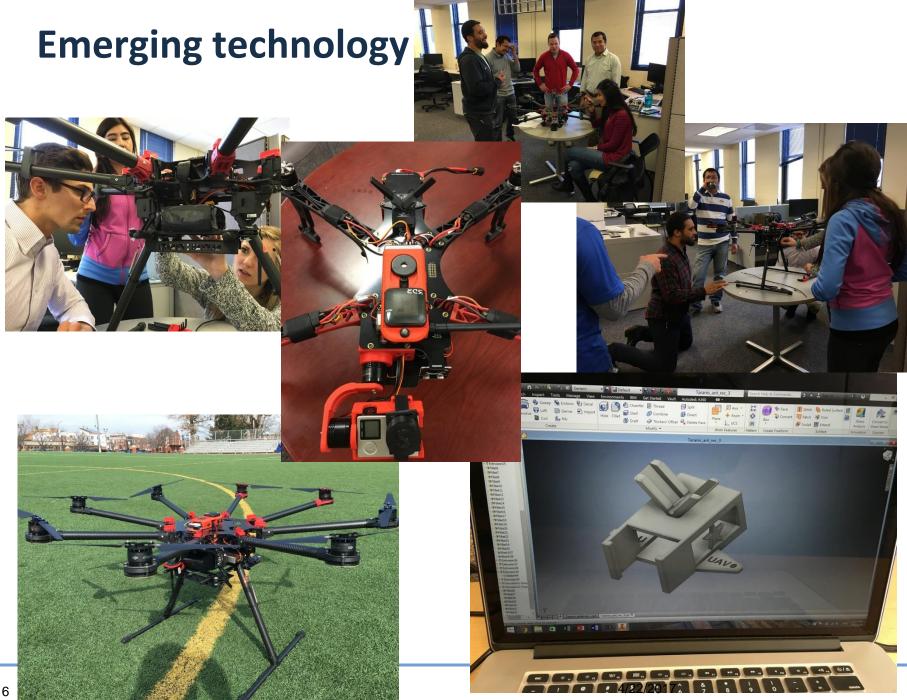

What is an Unmanned Aerial System (UAS)?

- What are they called:
 - Unmanned Aircraft System (UAS) (FAA and Congress)
 - Unmanned Aerial Vehicle (UAV)
 - Remotely Piloted Aircraft Systems (RPAS) (ICAO and Air Force)
 - Drones

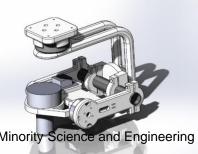

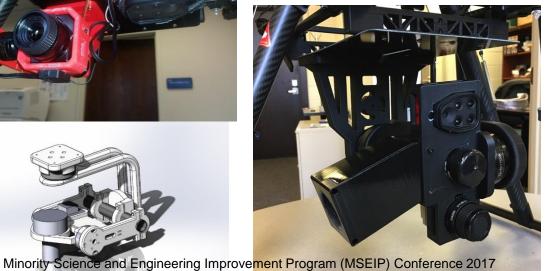

Grass roots efforts to UAS

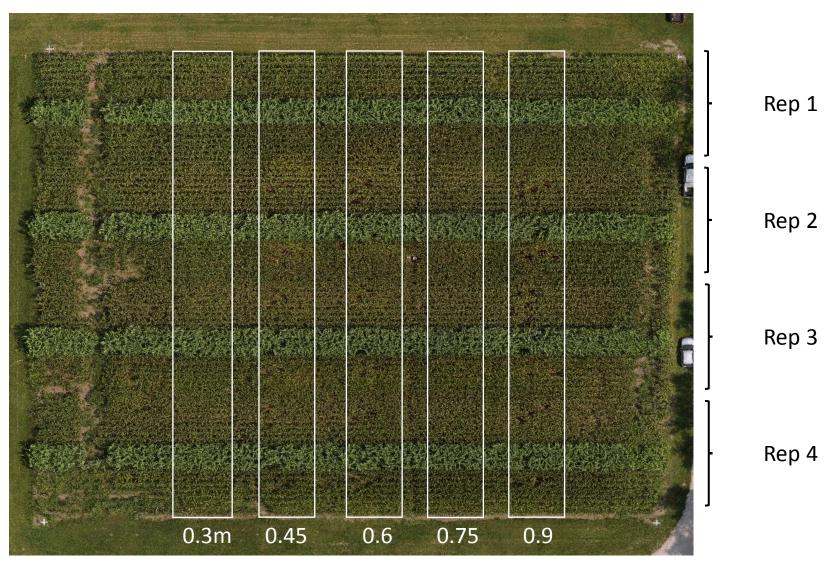

Case studies

DRONES FOR URBAN AGRICULTURE

RGB imaging

Robots and Drones at Saint Louis Science Center

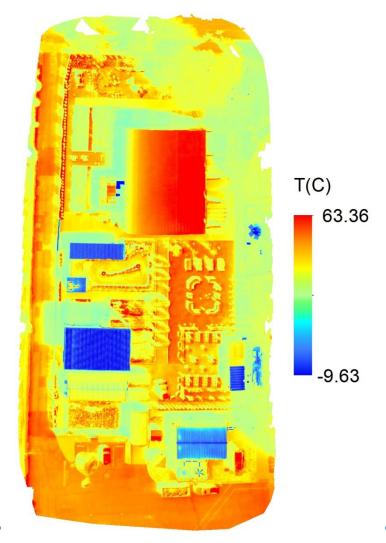

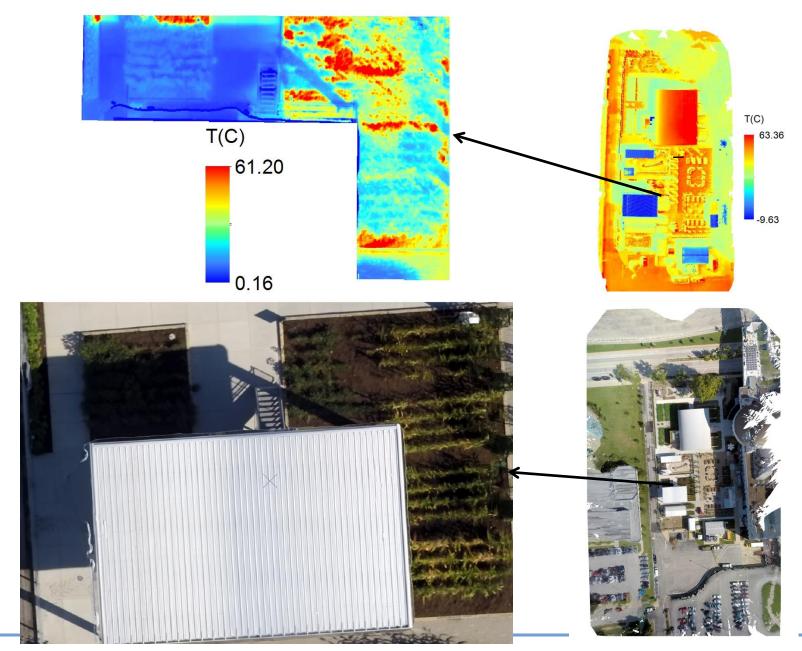

Saint Louis Science Center Grow Exhibit (Sep.22, 2016)

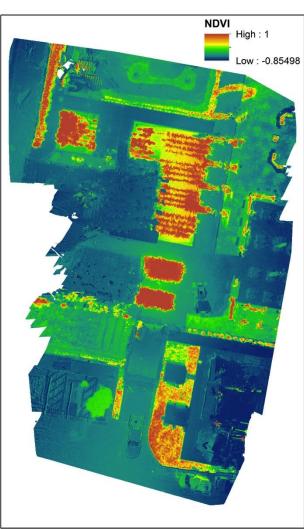

Thermal

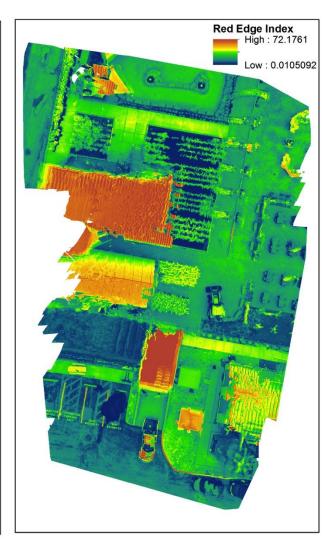

St. Louis Science Center Data collection

3D Map of the Science Center

Thank you
